### Strategies To Increase Reading Comprehension

1. **Associating**     Associating something familiar with something unfamiliar
2. **Paraphrasing**     Repeating information over again in your own words
3. **Categorizing**     Using labels to categorize related words into subgroups
4. **Patterning**     Using visual patterns, drawing pictures or patterns
5. **Visualizing**     Using visual clues such as picture, letters, numbers or words
6. **Analyzing**     Analyzing similarities and differences of items within a category, using meaning of familiar parts to reason out the meaning of unfamiliar parts
7. **Inferring**     Figuring out the meaning from context clues
8. **Scaling**     Establishing an orderly sequence such as top-to-bottom, start-to-finish, hard-to-soft or first-to-last
9. **Personalizing**     Using examples or stories that will link unfamiliar with a familiar experience
